

# HOW TO IDENTIFY PRODUCTS USING MERSEN'S PRODUCT RECOGNITION APP

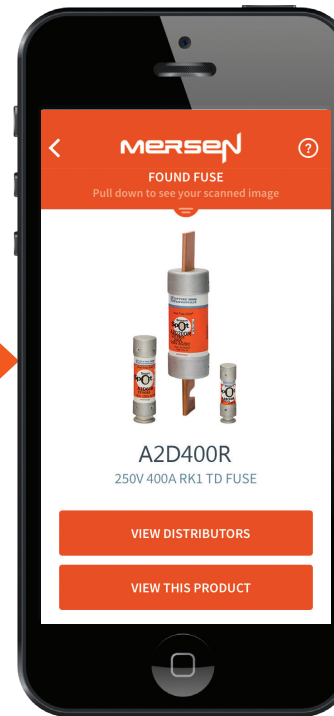

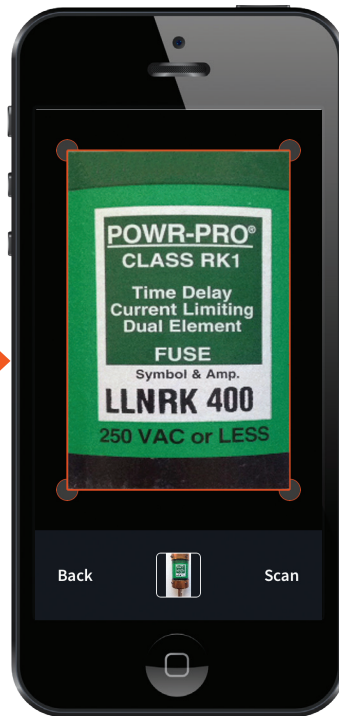

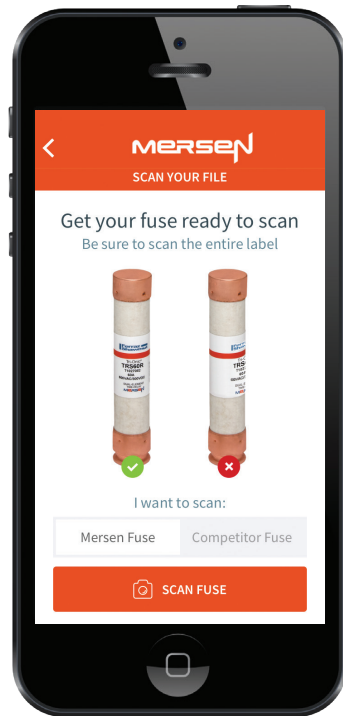

Mersen's Product Recognition App is available for download from the App Store or Google Play.

Scan code below to go to the App Store

Scan code below to go to Google Play

On the home screen, click on "Identify Fuse by Photo." Choose "Mersen Fuse" or "Competitor Fuse." Position the fuse so that the product label is visible.

Use the camera on your mobile device to photograph the product. (You can use one of the photos on the back of this page to test.) Click "scan."

Mersen's Product Recognition App will suggest a match based on your fuse photo, fuse product number, or your surge product specifications.

Click "View Distributors" to enter your ZIP code and find a local distributor, or "View this product" to see product information.

For SPDs, on the home screen, click on "Surge Protector Lookup."

On the Surge Protector Details screen, enter the Mount Type, Surge Rating, System Voltage and Type, and Indicator
