

DECLARATION OF REACH CONFORMITY

June 18, 2020

Declaration N°: RE000006

Mersen USA EP Corp.
374 Merrimac Street
Newburyport, MA 01950-1998

Declare that for the product/equipment:

Amp-Trap® A60X 600VAC

(see Table 1)

To date, we have not identified any declarable substances over the 0.1% w/w threshold at the article-level in regards with the REACH Article 33 (the Candidate List of Substances of Very High Concern for Authorization). The latest January 2020 list contains 205 SVHCs.

To date, we have not identified any substances over the following thresholds for EU 2015/863, otherwise known as RoHS10:

- Cadmium/cadmium compounds 0.01% (100 ppm)
- Lead/lead compounds 0.1% (1000 ppm)
- Mercury/mercury compounds 0.1% (1000 ppm)
- Hexavalent Chromium (Cr VI) 0.1% (1000 ppm)
- Polybrominated Biphenyls (PBB) 0.1% (1000 ppm)
- Polybrominated Diphenyl Ethers (PBDE) 0.1% (1000 ppm)
- Bis(2-Ethylhexyl) phthalate (DEHP) 0.01% (100 ppm)
- Benzyl butyl phthalate (BBP) 0.1% (1000 ppm)
- Dibutyl phthalate (DBP) 0.1% (1000 ppm)
- Diisobutyl phthalate (DIBP) 0.1% (1000 ppm)

Having said this, we are still working with various stakeholders in our supply chain to rule out any uncertainty regarding the presence or non-presence of flagged substances in the products mentioned above.

As you are undoubtedly aware, REACH SVHC and EU RoHS are dynamic regulations that frequently see substances added (in the case of REACH SVHC) or exemptions added and repealed (in the case of RoHS10). Consequently, we intend to conduct ongoing due diligence to support the subsequent layers of our supply chain in meeting their respective business and reporting requirements associated with the regulations listed above. While these efforts are still ongoing, we are committed to proactively informing you once we are able to provide you with a more conclusive statement regarding any of the products mentioned above.

Timothy B. Haskins
VP of Quality Electrical Protection North America
Electrical Power
